**This conference is a huge success because of you!**  
**Mark your calendar for the 9th Annual Southeast Mine Safety and Health Conference. Join an audience of over 500 safety and health interested in safe and healthy mining! The audience will be addressed by keynote speakers from the health and safety profession, along with sessions facilitated by leaders in our profession. Please join us for this outstanding professional development event and networking.**

**Presenters will include Dr. Kevin Elko** - one of the top requested motivational and success speakers in the country, **Keni Thomas** - an American country music singer and former United States Army Ranger, **Joe Main** - MSHA Asst. Sect. Labor, **Neal Merrifield**, MSHA Administrator for Metal Nonmetal, **Sam Pierce** - MSHA SE Dist. Mgr., **Richard Gates** – Coal District 11 Mgr., **Bob Edwards** - General Electric, **Dr. Martha Bidez** – University of Alabama in Birmingham, **Sonny Lancaster** – McDonald Construction, **and many more!!**

**Learn from experts as well as network with others in the mining profession. Exhibitors will be on hand displaying the latest products and services for our industry. There will be hands on demonstrations and group discussions. Learn about new MSHA enforcement measures that will impact your operations.**

**Exhibitors:** The Southeast Mine Safety and Health Conference is an outstanding way to reach over 500 mine safety and health professionals. The website is available now for exhibitor registration!

**Sponsors:** The Southeast Mine Safety and Health Conference would not happen without the generous support of many sponsoring organizations. These donations such as monetary support, door prizes, and employees who work tirelessly on the Conference, make the conference possible. You can become a sponsor via our website.

**40 Year Safe Miner Recognition:** Nominate your 40 year safe

miners! These are employees who have worked 40 years or longer in the Southeastern mining community without injury. This means they have not had any MSHA reportable incident. Here's your chance to recognize safe miners...and our chance to present them an award during our 8<sup>th</sup> Annual Southeast Mine Safety and Health Conference. The award presentation event will be held during the Opening Session on November 5, 2013 when mining professionals from across America will be present. The best safety records always affect your bottom line and recognition of these miners will further your safety cause. Your application should include the following: 1. Miner Name & Brief Description of Job 2. Mine Name/Location/Contact Information 3.

Years/time worked 4. Ideas from this miner as to what led to his/her safety success.

**Nominations must be received before September 19, 2014. Email nominations to [executivecommittee@southeastmineconf.org](mailto:executivecommittee@southeastmineconf.org)**

**The Organization:** The Southeast Mine Safety and Health Conference Executive Committee is a not for profit group formed to plan, market, manage, continuously improve and perpetuate the annual Southeast Mine Safety and Health Conference. This group is made up solely of volunteers from the Southeastern United States mine safety and health profession. The Executive Committee is made up of persons from the Coal and Metal/Nonmetal industry and government agencies that have a steadfast passion for mine safety and health. If you are a mine safety and health professional and are willing to volunteer, your help in keeping the Southeast Mine Safety and Health Conference great would be greatly appreciated.

**Our Mission:** The Southeast Mine Safety and Health Conference will partner with our peers to offer the best mining safety and health conference in order to strengthen safety and health core values.

**Our Vision:** We will apply our intellect, passion, and cooperation in mine safety and health issues to meet and develop an annual program that projects our mining community forward to zero injuries and illnesses and provides opportunities to network with industry and regulatory representatives.
